especially in south and easterly sections of the city, also nearly all houses built for homes the past year were built in this section of the city. I have lots of many desirable streets and mostly in eastern section of city, on Hill St.,

any of which I will sell at as favorable prices, or more favorable than equally as desirable lots can be had elsewhere. If you were to buy a house you would usually see a party who had many for sale, rather than buy a man's only cow. Take a walk during the next day or two, visiting above

streets. Notice they are our best streets and lots well elevated. No fear of surface water or floods.
